

Become part of the innovative Energy Financing miX!

The E-FIX project triggers new energy efficiency and renewable energy private investments by using a mix of innovative financing mechanisms focused on energy performance contracting, crowdfunding and leasing in six countries of Central and South Eastern Europe and the Caucasus Region: Austria, Croatia, Czech Republic, Poland, Armenia and Georgia.

E-FIX results envisaged:

6 Pilot Financing Campaigns

6 Energy Financing Competence Centres

120 trained stakeholders acting as E-FIX Ambassadors

1 toolbox for preparing sustainable energy projects

6 national Action Plans

1 international Roadmap

48 million Euro for new investments for sustainable energy projects

**19.0 GWh/year
primary energy
savings**

**1.6 GWh/year
increased renewable
energy production**
